CORE COMPETENCIES

What Empower delivers

- ✓ Behavioral health compensation and pension (C&P) evaluations, including Military Sexual Trauma (MST), Traumatic Brain Injury (TBI), PTSD, and Gulf War Illness and toxic exposure presentations.

Disability Benefits Questionnaires (DBQs) and medical opinions written in the legal-medical language the program requires.

Empower
Connected Care. Human Impact

Structured clinical interviews and diagnostic reasoning documented so a rater can follow the conclusion from evidence to opinion.

Clinical quality review of every report before release.

DIFFERENTIATORS

How Empower works

Clinical quality review before release

Reports go through clinical quality review before they leave Empower. Reports that do not meet the standard are returned to the examiner with specific findings.

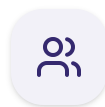

Executive accountability

Clinical quality accountability is held at the executive level by the Chief Executive Officer, not an anonymous review queue.

National telehealth network

Telehealth examinations are available in all 50 states, subject to examination and program

Licensed provider network

The team includes 250+ licensed providers credentialed for the scope of work they perform.

requirements, with in-person
examinations in 43 states.

COVERAGE

National footprint

Telehealth examinations are available in all 50 states, subject to examination and program requirements. In-person examinations are available in 43 states. The team includes 250+ licensed providers, and its clinicians have completed more than 50,000+C&P evaluations.
